

Digital Component Parameters

PARAMETER	DESCRIPTION	NOTE
V_{OH}	High level output voltage	
V_{OL}	Low level output voltage	
I_{IH}	High level input current	
I_{IL}	Low level input current	
I_{OH}	High level output current	Measure with V_{OH}
I_{OL}	Low level output current	Measure with V_{OL}
I_{OS}	Output short circuit current	
I_{CCL}	Low level supply current drain	Where Applicable
I_{CCH}	High level supply current drain	Where Applicable
V_{BB}	Breakdown voltage	
I_{INH}	High level node current	At specified V_{IH}
I_{INL}	Low level node current	At specified V_{IL}
V_{IH}	Input voltage high	
V_{IL}	Input voltage low	
V_{IK}	Input voltage clamp
